Subject: FW: Rosemont letter
Attachments: 20160417_CNF letter regarding feasibility - FINAL.pdf

Team – Not sure the weight to give the attached, but if staff assess that it means a significant change in project scope and probable impact (e.g. volume of fill), we should consider including this new info in the Tuesday briefing. We should at least know the FS take on it before committing to any particular course. -JB

Subject: Rosemont letter

Hello,

Given your agency's participation in this matter, we are sending a copy of a recent letter we submitted to the Coronado National Forest re: significant new information about mineral deposits associated with the proposed Rosemont Mine.

Thanks,

Randy
